@ SM SAINS KUCHING: 11-14 TH DECEMBER 2015

We had a fun filled 4-day and 3-night! The Campers, The Trainers, The Facilitators and Rotarians drawn from D3310, D3300 and friends of Rotary. We were at a total of 130 on location.

This camp is a result of the COMMITMENT from the 4 Rotary clubs in Kuching- Rotary Club of Kuching Central, Rotary Club of Kuching South, Rotary Club of Kuching and Rotary Club of Kuching Jaya. We had a very enriching experience in the planning and preparation for this event!

Of note, the lectures and the activities this time were very much in sync - the main points in the lectures were translated into the games and the participants learnt through the various modules. The programme incorporated the CORE values of Rotary-Fellowship, Service, Diversity, Integrity and Leadership.

In addition, skills set refreshed and emphasized upon were creative thinking, problem solving, financial literature, public speaking and team building. All of which can translate into valuable life skills of Emotional intelligence, Time management, Listening skills, Prioritizing objectives, When to ask for help, the relevance of Quality sleep, Conflict Resolution and value of participation.

We were very happy to have very positive and a can-do spirit prevail during the few days with many friendships being made.

I would like to acknowledge the whole team's contribution. The young and the young at heart.
