ROTARY INTERNATIONAL ROBERT R. BARTH President 1993-1994

19 June 1993

To The Rotarians of District 3310

Dear Fellow Rotarians:

Being your president for 1993-94, I extend my cordial greetings to the Rotarians of District 3310. You belong to the worldwide family of Rotarians who make our organization what it is and your contributions to local and district activities which keep Rotary alive and well.

Rotary is more than written ideas, rules and programs. It is a living idea, under the umbrella of 1,150,000 volunteers organized in over 26,000 clubs in 187 lands which speak over 100 different languages. Each district and club has its own programs, opportunities and targets. There is no standard club life or standard way of acting. But there is a common belief in Rotary ideals, in important human values.

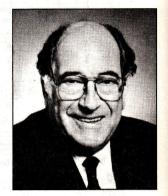

And it is this common belief that I urge you to support and foster during 1993-94 as you serve your communities in all four avenues of service and as Retary is strengthened in every part of the world.

With best wishes for every success during this year.

Cordially yours,

Bro

Robert R. Barth President

Message from ROTARY INTERNATIONAL

ETICAN RAMASAMY, P.H.F. Governor, District 3310 (1993-1994)

Rotary is an organisation of business and professional persons united worldwide who provide humanitarian service, encouraging high ethical standards in all vocations and help build goodwill and peace in the world. This I am sure would have been the guiding principle of all Rotarians, who actively served during the Rotary Year 1993 – 1994. I take this opportunity to express my sincere thanks and gratitude to the outgoing President and all the members of the Club for their fine service through Rotary with lots of sacrifice.

May I now extend my hearty congratulations to the incoming President Rtn. Dr. Samuel Kiyui and his Board members and all the Rotarians for a successful year of office to achieve the Goals of our District and the plans set by the Rotary Club of Kuching Central.

I look forward to working together with all the Rotarians during our term of office and make the year a memorable one.

Let us "BELIEVE IN WHAT WE DO" and let us "DO WHAT WE BELIEVE IN" with vision, conviction and commitment.

Thank you.

Yours Sincerely in Rotary Service,

mmi

Message From Y.B. DATUK ROBERT JACOB RIDU Speaker, Dewan Undangan Negeri Sarawak

It is a pleasure and privilege for me to extend my heartiest congratulation and good wishes to all members of the Rotary Club of Kuching Central on this occasion of the installation of their 8th President, Dr. Samuel Kiyui and his Board of Directors for the Rotary Year 1993-1994.

This year's Club theme of "Inspired in Service" is most appropriate as it provides both the driving and motivating forces required to launch the Club as she begins the new Rotary Year.

In your endeavour to carry out the Rotary ideals of "Service Above Self" and "He Profits Most Who Serves Best", I am confident that you will contribute towards shaping the community around you into a more caring society. And by fostering and encouraging high ethical standards in business and profession as one of the objective of Rotary, you will have done much to ensure continued prosperity among our society.

The Rotary International theme of "Believe In What You Do, Do What You Believe In" will further spur you into this worthy adventure in service to the community and humanity around us.

May your year be a most successful one.

DATUK ROBERT JACOB RIDU, PNBS SPEAKER, DEWAN UNDANGAN NEGERI SARAWAK

Message from Loa Djin Liang (President 1992 /1993)

We tend to take many things for granted in life.

Our families, friends, familiar places, Rotary.

Each Saturday we meet together. We laugh. We talk. We go our separate ways.

The high ideals and noble spirit of our organizations is, too often, forgotten.

It is good, sometimes, to take a step back and view our lives from afar. It provides a better perspective. It makes us realize that many of the things we take for granted are, in fact, precious gifts to be treasured.

Rotary, to which we belong, is a vast, living organization. It is warm in fellowship. It is alive and dynamic in the kindness and nobility of its services. It is unquenched, outpouring, alive. It will live forever because it fulfils that deepest inmost part of our heart which asserts that we, too, are a part of humanity and nature and that we, too, must make our own particular contributions to the great family of man. An affirmation of our own self worth.

Rotary is a precious gift for us to treasure.

My sincere appreciation to all my Board members, Rotarians and their Anns for their untiring support. My special thanks to Rotarian Guan Teck and all the past Presidents for holding the fort and keeping the flag flying.

My heartiest congratulations to Dr. Samuel Kiyui and his incoming Board of Directors. I wish them every success in the coming year. I trust, too, that our club's project, the Rotary Resource Centre, may commence on its path to fruition in the coming year.

Whilst each of us must with utmost resolution meticulously scale the steep and tortuous paths we each had chosen to take the memories of my days in Rotary and Kuching Central will live forever within me. On19th June all of my good wishes and hopes will be completely with you.

As always,

Sincerely

(D.L. Loa)

Message from DR. SAMUEL KIYUI – Incoming President Rotary Club of Kuching Central 1993 – 1994

Dear Fellow Rotarians,

During this most auspicious occasion, it is most rightful and timely for me to extend my warmest congratulations to all of us.

The Rotary Club of Kuching Central had started from a humble beginning in 1986 and due to the untiring efforts of many Past Presidents and their team of Board of Directors, and not forgetting the sustained support of the surviving Club members, we are now about to chart yet another chapter in the Club's history.

As I ponder over Rotarian Robert R. Barth's Presidential theme of 'BELIEVE IN WHAT YOU DO, DO WHAT YOU BELIEVE IN', I cannot help but believe that the RI President has every confidence that each of the 1,150,000 Rotarians worldwide are mature and respectable individuals, for he has entrusted upon them to continue and proceed in carrying out their Rotarian duties as they BELIEVE IN WHAT THEY DO, DO WHAT THEY BELIEVE IN. May his trust be upheld by all of you who are about to take this challenge as you collectively steer the Club in the right path for the coming Rotary Year.

If you ask me what my vision for the coming year is, I will say that it is my hope that during this period, we are all inspired to carry out services in the true spirit of Rotary to benefit humanity around us. Thus, I have chosen that the Club's theme for the year is INSPIRED IN SERVICE. For only when we are inspired in service are we able to BELIEVE IN WHAT WE DO, DO WHAT WE BELIEVE IN.

May we all be both successful and unscathed while we endeavour in providing services for humanity and together we will write a chapter in our Club's history to be read by many who will come after us.

Yours in Rotary Service,

Dr. Samuel Kiyui President 1993-1994

THE MAN WHO STARTED IT ALL...

PAUL PERCY HARRIS was the founder of Rotary. He was born in Racine, Wisconsin, USA on April, 19, 1868. He received the Bachelor of Physical Culture and LL. B. degrees from the University of Vermont and the LL. B. degree from the University of Iowa.

He received an honorary PH. D., in 1933 from the University of Vermont. The Boy Scouts of America gave him the Silver Buffalo Award, and he was decorated by the governments of Brazil, Chile, Dominican, Ecuador, France and Peru.

He worked as a newspaper reporter, a business college teacher, a stock company actor and as a cowboy. He travelled as a salesman for a marble and granite concern in the US and Europe. These varied experiences broadened his vision and were of material assistance in the early extension of Rotary.

In 1896, Paul Harris went to Chicago to practice law.

In 1900, after dinner with a lawyer in a residential section of Chicago, Paul Harris was impressed by the fact that his friend stopped at several stores and shops in the neighbourhood and introduced him to the proprietors, who were his friends.

This experience caused him to wonder why he could not make social friends out of at least some of his law clients and he resolved to organise a club which would band together a group of representative business and professional men in friendship and fellowship.

By 1905, he had formulated a definite philosophy of business relations. Talking it over with three of his law clients - Silvester Schiele, a coal merchant, Gustavus Loehr, a mining engineer, and Hiram Shorey, a merchant tailor-he decided to organise with them the club which he had been planning since 1900.

On Feb. 23, 1905, they held the first club meeting, and the nucleus was formed for the thousands of Rotary Clubs which were later organised throughout the world.

Paul Harris named the new club "Rotary" because the members met in rotation in their various places of business. This met with general approval and club membership grew rapidly.

Almost every member had come to Chicago from a small town and in the Rotary Club they found an opportunity for the intimate acquaintanceship of their boyhood days. When Paul Harris became president of the club in its third year, he strove to extend Rotary to other cities because he was convinced that the Rotary Club could be developed into an important service movement.

The second Rotary Club was founded in San Francisco in 1908. Other clubs were organised until, in 1910, when there were 16 clubs, it was decided that they should be united into an organisation which would extend the movement to other cities and serve as a clearing house for the exchange of ideas among the clubs.

Representatives from the clubs met in Chicago in August 1910 and organised the National Association of Rotary Clubs. When clubs were formed in Canada and Britain, the name was shortened to Rotary International.

Paul Harris was the first president of the National Association and the first president of Rotary International.

Founder of Rotary

Object of Rotary

The object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

First. The development of acquaintance as an opportunity for service;

Second. High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying by each Rotarian of his occupation as an opportunity to serve society;

Third. The application of the ideal of service by every Rotarian to his personal, business, and community life;

Fourth. The advancement of international understanding, good will, and peace through a world fellowship of business and professional men united in the ideal of service.

ORIGIN OF THE CLUB

The first Rotary Club came into existence on 23rd February 1905 in Chicago, Illinois, U.S.A. The founder was Paul P. Harris whose ambition it was to bring together men of different business and professions to help build goodwill and peace in the world.

From this original Club mooted by Harris, the movement spread rapidly first in the U.S.A. and then worldwide. It soon became an organisation of business and professional men united worldwide. Its aims was to provide humanitarian service, encourage high ethical standards in all vocations and help build goodwill and peace in the world.

It was called ROTARY because the Club met in rotation at each member's place of business. As the membership grew, this was found to be inconvenient so Rotarians began gathering for lunch. As something more than comradership was needed to keep the club going, Rotarians decided whole-heartedly to devote themselves to service to the community. This is exemplified by the Rotary motto "SERVICE ABOVE SELF." To-day so popular is the Rotary movement that there are nearly 1.15 million Rotarians in 187 countries belonging to more than 26,000 Rotary Clubs.

One can join a Rotary Club by invitation only. To ensure that as wide as possible a cross-section of the community is represented a classification system is followed to ensure that one representative of each business, profession or institution is represented. Membership is open only to adult male persons of good character and good business or professional reputation.

Rotary came to Malaysia on 4th December, 1929 when the first club in Seremban was given its charter. Rotary clubs of Kuala Lumpur and Ipoh were also formed the same year.

What is Rotary

.... "The aim was a fellowship of businessmen that would transcend trade and bring persons of diverse interest together on common ground. This is the genius of Rotary and the service club idea".....

.... "One feature that seems to me of the highest importance in the workings of Rotary is the autonomy, the selfhood, the integrity of the individual club. For all that far-flung internationality that has evolved, the real unit remains the club.... A direct tie between each member and a local club is basic..... A member cannot transfer, if he leaves town he leaves Rotary. He may be duly elected to become a member of a club in the town to which he has moved... but if so he starts all over"....

....."One man from each vocation or profession is still the basis of Rotary Club membership as introduced by Paul Harris – the founder – 1905. Out of this guaranteed diversity, which Rotary deems so vital that it chooses and invites members instead of permitting applications"....

...."The club is the medium by which the programme of Rotary is promoted and the object of Rotary is attained... The first policy of Rotary International is the advancement of the Object of Rotary by the individual Rotarian".....

....."Emphasis on the club and its multifarious affairs lead to making the weekly meeting and the attendance upon it a ritual. Four consecutive absences and you are out".....

..... "To begin with, the meetings start on time; more important they end on time and at an hour one can count on.... Speeches are short pointedly so... one speaker was given a cake of ice and told he could speak as long as he could hold it!.... We do know that something takes place when men break bread ceremonially... the luncheon, or dinner (or in a few clubs, the breakfast or tea) is an essential ingredient of the weekly Rotary gathering"....

...."The name 'Rotary' was adopted because in the early days meetings were held in rotation at the offices and stores of members. The emblem is the wheel and it denotes rotarian. It is a cogwheel and officially is not given any symbolic significance, but it does stand for mobility. The wheel does represent one of man's first technological devices and it bespeaks the movement of a man and ideas from place to place in rapid order"......

..... "Rotary grows in two way: by bringing new members into existing Rotary Club or by creating new clubs.... Rotary's growth did not just happen, any more than it happens in a business, a religion or in any organisation. There had to be an objective and a plan. Paul Harris set that objective at Rotary's first convention held in 1910, when he said that it was his belief that sooner or later, the Rotary Club idea would spread throughout the land. There were many who doubted, bu there were even more who accepted the challenge......

......"Thus Rotary extends itself and its purpose, all of its activities growing out of the service movement which it launched. It is not alone but highly representative – singular, if not unique".

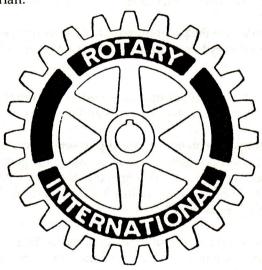

There are trends within Rotary too, and they may offer some guidance to those who would essay to guess the future. One is attentiveness to Youth as a new source of power"......

......"Rotary was founded to make men less lonely and more useful!.... The meeting and eating together, the talking and listening, the laughing and learning together – this shared experience does something to each Rotarian – something significant and stimulating in his life and in the life of other inside and outside his club...... Rotarians are realistic enough to know that Rotary is not the key all doors, and not the answer to all problems... But the Rotary spirit of friendly service is tangible and intangible, part of our hopes and plans for better world."

What is Rotary in conclusion?

In the home it is kindness.. In business it is honestly. In society it is courtesy; In play it is fairness; In the Club it is co-operation and Fellowship. In the Community it is service. In International Relations it is sympathetic understanding and goodwill. Towards the fortunate it is congratulations; towards the unfortunate it is compassion; towards the weak it is help, towards the penitent it is forgiveness and towards God, it is reverence and love. Rotary is the talents of experts working in harmony for the betterment of mankind."

Excerpts form "The Rotarian."

The Rotary Emblem

Rotary's early emblem was a simple wagon wheel (in motion with dust) representing "civilization and movement." It was designed in 1905 by Montague M. Bear, member of the Chicago Club, who was an engraver, and most of the early clubs adopted the wheel in one form or another. Eventually in 1922, authority was given to create and preserve an emblem for the exclusive use of all Rotarians.

Accordingly in 1923, the present gear wheel with 24 cogs and six spokes was adopted, and a keywar added to signify that the wheel was a "worker and not an idler". An official description of the embler was adopted at the 1929 Convention in Dallas, Texas, U.S.A. Royal blue and gold were chosen as the official Rotary colors, and the flag of Rotary was designated as a white field with the Rotary wheel emblazoned on its center. The emblem, worn as a lapel button, now identifies Rotarians around the world.

ROTARY VOCATIONAL PRINCIPLES

I BELIEVE that the objectives of my vocation are to perform my duties and responsibilities in accordance with the following principles:-

1. Responsibilities

Four areas of responsibility are generally recognised:-

(a) To shareholders/partners/principals

To protect shareholders'/partners'/principals/ interests and investments and provide a fair and reasonable return.

(b) To Employees

To provide, promote and encourage:-

- (1) good and safe conditions of work;
- (2) good and competitive terms and conditions of service;
- (3) the mental and physical development and best use of human talent and equal opportunity employment.
- (4) the involvement of employees in the planning and direction of their work.
- (c) To customers/clients and the general public

To develop and provide products and services which offer value in terms of price, costs and quality, supported by the requisite professional, technological and commercial expertise.

(d) To community and society

To conduct business as responsible members of the community/society, observing applicable laws of the country and giving due regard to safety and environmental standards and societal aspirations. These four areas of responsibility are seen as an inseparable whole.

2. Economic Principles

Profitability and productivity are essential to discharging these responsibilities and staying in business. It is a measure both of efficiency and of the ultimate value that people place on one's products and or services. Without profits and productivity, it would not be possible to fulfil the responsibilities outlined above.

3. Personal Integrity

I must exercise honesty, loyalty and integrity in all aspects of my business; avoid conflicts of interest between my personal and official activities in the conduct of my business. The offer, payment, soliciting and acceptance of bribes in any form and any unprofessional and unfair conduct are unacceptable practices.

4. Welfare

It should be my policy to conduct my activities in such a way as to take foremost account of the health and safety of others, and to give proper regard to the safety and conservation of the environment.

5. Service to the Community

The most important contribution that I can make to the social and material progress of a country is in performing my basic activities as efficiently as possible. In addition, the need is recognised to take a constructive interest in societal matters which may not be directly related to my business. I must endeavour to take advantage of the opportunities available for me to be involved in community, educational and youth programmes.
