## Club Activities in 2011/2012

### Club Projects | District Gold Award Project Recreational Cycling

In 2009 three Rotary members – namely Rtn. Steve Ng, Secretary Major Francis Ng and President Juergen Ertl – started to promote Cycling for fitness and health, including None-Rotarians.

When Major Francis Ng proposed to include children from the Salvation Army Children Home for Children at Risk the idea was very welcomed.

Members of the Rotary Club as well as other sponsors stepped in to donate in total 14 bicycles for the children. The Salvation Army children all come from underprivileged families and we felt we can use the cycling activities as a way to motivate and improve their social skills. In a short time we could see the positive change.

The team was growing and members started to participate in cycling events even outside Sarawak, like the Penang Share the Road Event over 80 km and Cycling Tour around Taiwan.

#### Major Milestone - Rotary Cycling Team Reaching the Public

In March 2012 the Rotary organized together with Kooch Cycling Club the "Share the Road Cycling event" to increase awareness of cycling. 550 Cyclists participated and everyone received a cycling shirt with Rotary logo on both sleeves. 22 Rotaractors from Swinburne University volunteered as marshals.

Projects | District Merit Award Rotary Club of Kuching Central brings hope and help to the rural area

SK Nanga Klaasen is a 3-hour drive from Kuching in a remote rural area. The school has 130 students. Eighty percent of the student live in dormitories because their houses are too far away. The residence officer from Sri Aman contacted PP Chiang Lee Ching and asked for help. After the needs had been identified and funds was raised the club made a commitment to help with 27 bicycles, de-worming and eyes screening.

During an official ceremony on 7th January 2012, the District Governor Hj. Zaimie witnessed the handover ceremony of the handing over of the commitments to the school principal David.

One month later on 19 February 2012, a team of 8 club members left for Nanga Klaasen to handover 40 bicycles and to perform eye screening under PP Chai Ko Jee and de-worming by PE Dr. Willie Lau.

The team was given a warm welcome by the school staff, students and parents.
