Joint Community Project with Rotary Club of Port Klang "Rural Mobile Project" - SMK Simanggang, Sri Aman 8th April

Rotary Club of Port Klang District 3300 and Rotary Club of Kuching Central District 3310 jointly organised a meaningful community project of supplying 20 units of boys and girls bicycles to needy and deserving rural students at SMK Simanggang, Sri Aman, about 200 km from Kuching.

President Thomas Ngu led a team of Rotarians including President Elect Frankie Ong, Service Project Chairman, PP Chai Ko Jee to officially hand over the bicycles to the students witnessed by Deputy Resident, Encik Desmond Gerakan, Principal of SMK Simanggang, Haji Ibrahim b. Jamain and others.

The two clubs also made a joint cash donation to Sarawak Children's Cancer Society.

A Joint Community Project with CIMB Foundation - Life Buoy for Sampan Operators - 20th July 2009

A total of 304 lifebuoys were handed over to 76 sampan operators who are registered with the Sarawak River Board at the symbolic handover ceremony held at Water Front on 20th July 2009

CIMB Group Corporate Communications senior manager (CSR unit) Ung Su Ling said the causes should empower people to have better lives with emphasis on community development, sports and education. Ung said the safety campaign was aimed at creating awareness of safety for daily users of sampans on the Sarawak River.

The lifebuoys, worth RM18,240 were sponsored by CIMB Bank under its corporate social responsibility (CSR) programme and co-ordinated by Rotary Club of Kuching Central. The fund for the project was from the CIMB Foundation through its Community Link initiative.

SUCCESSFUL COMPLETION OF 'ROTARY BRINGS VISION & HEALTH TO THE PEOPLE OF BARIO' PROJECT 22nd-24th JANUARY 2010

A total of 410 people had their eyes and health checked by a team of medical personnel in the remote Bario Highlands, Sarawak, Malaysia. The project was organized by the Rotary Club of Kuching Central. Of the 410 people, 72.4% were students of primary and secondary schools while the rest were the adult members of the community.

The team comprising of 16 medical personnel and members of the Rotary Club of Kuching Central arrived in Bario on Friday morning, 22 January 2010 led by the club President Thomas Ngu. Upon arrival, the team screened 144 primary school students followed by 153 secondary school students. Each student was given a de-worming tablet before their eyes were screened. A total of 24 pairs of spectacles were prescribed to the students.

SUCCESSFUL COMPLETION OF 'ROTARY BRINGS VISION & HEALTH TO THE PEOPLE OF BARIO' PROJECT 22nd-24th JANUARY 2010

The following day was dedicated wholly for the adult members of the Bario community where the team commenced their operations from 7.30am until 3pm. A total of 113 adults had their eyes and health checked. This included a measure of their height and body weight followed by a check of their blood pressure and sugar level.

With the co-operations & assistance of the members of Klinik Kesihatan Bario, we were able to have advance registration of patients one week before the team arrived in Bario. This helped the organizing committee in determining the amount of medications, resources and spectacles to bring to Bario. Much publicity was carried out for this project with the printing and distribution of flyers containing information about the project. Some of the flyers were put up at the Bario airport notice board, Bario town center and schools.

'The 16 project team members comprised of 5 optometrists, 3 medical doctors and 2 ophthalmologists and members of the Rotary Club of Kuching Central. Of the 10 medical personnel, 1 optometrist and 2 medical doctors are members of the Rotary Club of Kuching Central. The third doctor was the president of the Rotary Club of Miri, who is a surgeon attached to the Miri General Hospital,' said Andre Suharto.
